5676BX03-0075	Without bidet function
5676BX03-0559	With bidet function

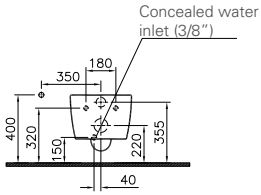

Additional pipe may be required as to wall thickness.

5676BX03-0075

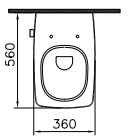

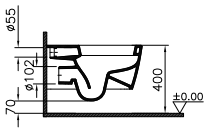

5676BX03-0559

	Wall-hung WC pan, 56 cm
5676BX03-1684	With bidet function, with standard cartridge integrated stop valve (on left)
5676BX03-1687	With bidet function, with standard cartridge integrated stop valve (on left), with VitrA Fresh liquid cleaner tank
5676BX03-1685	With bidet function, with VitrA Fresh liquid cleaner tank

Standard cartridge integrated stop valve, (mixes hot and cold water for bidet function). For best user experience temprature of the water should be arranged via valve handle. To prevent dangerous surges of heat due to instant hot water, it is highly advised to process water while handle is in middle (mix) position. If you have heating system that work with gas (combi boiler, flash heater etc.), low flow rate of bidet water might prevent the system to heat and result in late arrival of hot water. It is advised to use thermostatic cartridge integrated stop valve if you have central or electrical heating system.
